

The **AP Limited Editions** Black Gold with Flowers is a mid-sized fountain pen in the company's Writer series. The stately ebonite body displays rich, black urushi sprinkled with gold powder that gets heavier in application toward the cap and barrel ends, along with a smattering of gold powder on the clip. Flowers in taka maki-e grace the cap and barrel tops as well as the section. The cartridge/converter filler has an 18 karat gold nib in medium etched with the AP Limited Editions logo. Limited to nine pieces. Pricing on request.
